BOARD REPORT · NOV 2025 TO OCT 2026

For the board meeting
Prepared Oct 2026

One year at the pantry

Larkfield Community Pantry. Counted from the sign-in sheet, cleaned and de-duplicated.

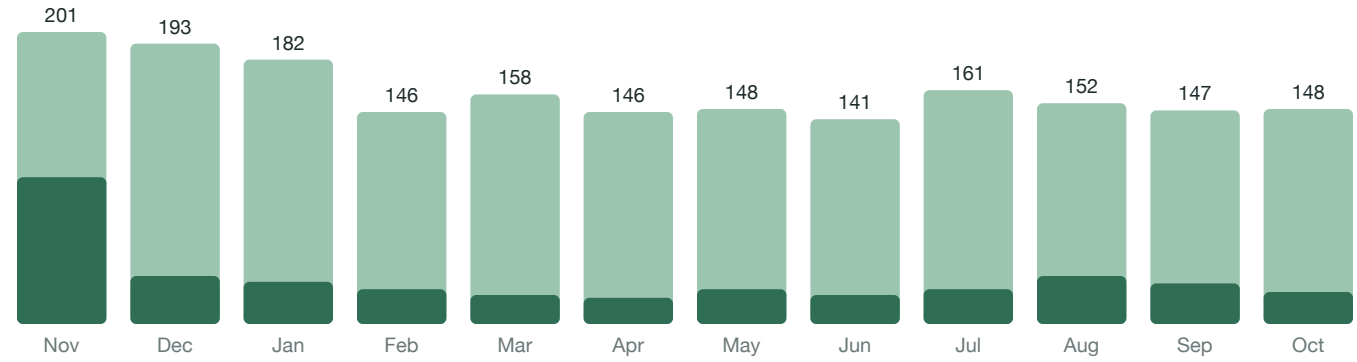

Households served
376
different households, not visits

People in those homes
1,100
from household size at sign-in

Visits
1,923
about 5.1 per household

Food out the door
45.1k
pounds, from the sheet

Visits each month, and how many were first visits

What the numbers say

1. **New families keep coming.** After the first month (when everyone on the sheet was new to it), 25 new households a month still walked in for the first time.
2. **Winter is the peak.** The busiest month was Nov with 201 visits. Plan volunteer shifts and stock for November to January.
3. **Volunteers carried it.** 2,284 volunteer hours this year, from the shift log.

How we counted

The sign-in export had 1,999 rows typed three different ways. We matched names and dates, merged 76 double entries, fixed ZIP codes that lost their first zero, and put every date in one format. A household counts once a year however often it visits. The clean file and a list of every change come with this report.
